Biltmore Nursery

WHOLESALE TRADE - LIST

SEASON OF 1900-1901

THE BILTMORE NURSERY

BILTMORE, NORTH CAROLINA

THE BILTMORE NURSERY

was established in 1889. For ten years almost the entire output was used on the Biltmore Estate in the extensive landscape and forest plantations. In 1898 a small surplus of stock was offered to the trade by means of a typewritten list and circular, and during the season 1899-1900 the first formal catalogue or trade-list was issued. In this, our second published price-list, is offered the surplus stock of the present season, which consists wholly of ornamentals. We have no connection whatever with any other nursery, and employ no agents, all of our business being transacted from our office at Biltmore, North Carolina.

THE LOCATION

is in the heart of the mountains of Western North Carolina, at an elevation of about two thousand feet above sea level, where the temperature ranges from 90° above to 12° below zero. The variations in temperature peculiar to the Southern Alleghany Region, its evenly distributed and bountiful rainfall, long growing season, and rich but shallow soil, combine to produce a

QUALITY OF STOCK

unusually good in root-formation, thriftiness, and hardiness. All our stock is nursery-grown; we do not offer cheap, collected plants.

LANDSCAPE ARCHITECTS

will find our stock particularly suited to the demands of forest, park, and suburban planting.

PROPAGATING CAPACITY

Our greenhouses and coldframes cover an area of 34,000 square feet which, in connection with seed beds of more than ten acres extent, trained men, and a variety of carefully tilled soils, give us special facilities for furnishing rooted cuttings, seedlings, and transplanted plants.

NURSERYMEN

will find the small plants particularly valuable for transplanting into nursery rows.

FREE FROM INSECTS AND FUNGOUS PESTS

The stock of the Biltmore Nursery has been inspected by the State Entomologist, and is pronounced free from all insects designated as dangerous pests, and apparently healthy in every respect.

A CERTIFICATE

of inspection will be sent with each shipment.

PACKING

The utmost care will be used in digging and preparing the plants for shipment, and charges for packing cases will be made on the following basis:

BOXES

including packing and delivery to freight or express depots:

14	feet long,	30 x 30	inches							\$3 25	each.
12	"	"	30 x 30	"						3 00	"
10	"	"	30 x 30	"						2 75	"
8	"	"	30 x 30	"						2 50	"
6	"	"	24 x 24	"						1 85	"

BALES

according to size, including delivery to nearest station, 15 cents to \$2.50.

DIRECTIONS FOR SHIPPING

In the absence of explicit directions for mode of shipping, we will forward goods according to our best judgment.

OUR RESPONSIBILITY

All goods travel at purchaser's risk. We do not assume any responsibility for the safe delivery and condition of goods after shipment, except for our own mistakes, unless the terms of agreement so specify and guarantee. We are most careful to have all our plants correctly labeled, and hold ourselves prepared to replace, on proper proof, all that may prove untrue free of cost, or to refund the amount paid therefor; but we give no warranty, expressed or implied, and it is understood that, in case of error on our part, we shall at no time be held responsible for a greater amount than the invoice price of the goods.

RATES

The prices in this list apply to quantities specified, but five hundred will be furnished at the thousand rate, fifty at the hundred rate, and five at the ten rate. Special rates given on very large orders.

TERMS CASH

on or before delivery to forwarding agents, unless by special arrangement.

NOTICE

All orders placed with us will be accepted only upon the condition that, should stock be injured by drought, frost, or other casualties before the shipping season, they are to be void.

CLAIMS

Should any errors occur we desire to be informed upon receipt of goods, in order that we may rectify them without serious delay.

PACKING SEASON

We ship from October 1 to May 1, with slight interruptions during midwinter.

FREIGHT RATES

in effect October first, 1900, from Biltmore to several points are here shown.
